- \_\_\_\_\_ After Care for Pre-K4 siblings 12:30 - 3:00 p.m.

**Class Placement:** Every effort will be made to place a child in a class that best suits his/her needs and abilities. Parental input in the placement process is important and will be considered if it is submitted in writing to the principal prior to the end of the preceding school year. However, the school will not guarantee that a child will be assigned to a specific level, classroom, or teacher based on parent preference. Subsequent to the initial assignment, school staff and leadership may determine if appropriate to reassign the child to a different academic level or teacher. This may occur before the start of the school year or during the following months. Such action will be done with parent involvement.
